

PURE PEACE OF MIND

When you choose a soft flooring option that's hypoallergenic, easy to clean and VOC-Free*, you're choosing pure peace of mind.

Hypoallergenic

Air.o's fibers don't absorb moisture, which helps prevent the growth of allergens and microbes. That's nothing to sneeze at.

Easy To Clean

Air.o's unique, unified construction provides better airflow, releasing more dust and dirt with each vacuum than carpet with traditional padding.

VOC-Free*

Air.o carpet fiber is created using advanced polymers. With no latex or harmful VOCs, your hypoallergenic carpet is safe and odor-free.

*VOC free is established by receiving below detectable limit results in an independent test in accordance with CDPH/EHLB/Standard Method v1.2 2017 and ASTM Standards D 5116-17 and D 7339-18 and tested in accordance with the CRI GreenLabel Plus Program

Do People Really Want Hypoallergenic Soft Flooring?

New research indicates that 69% of people in the U.S. have a respiratory condition. For years, the belief was that hard surface was their only option even though a significant percentage of the market really wanted carpet. Air.o changes that, resulting in a doubling of the market opportunity for soft flooring.

69% of people have a respiratory condition.

2.5 of 10 considered carpet purchase before hypoallergenic introduced.

5 of 10 considered carpet purchase after hypoallergenic introduced.

Hypoallergenic flooring doubles the number of people who would consider purchasing carpet.

Air.o Hypoallergenic Soft Flooring from Mohawk is a complete breakthrough in flooring, featuring an innovative unified construction. It's fibers are attached to a premium cushion backing, eliminating the need for a separate cushion.
